# REGIONAL SEMINAR

The Power of Data

THRIVING  
IN A  
WORLD OF  
CHANGE

# Connect your Supply Chain with PI Cloud Services

Presented by **Michelle Kuiee, Sr. Product Manager**

# Agenda

- Opportunities
- Product/Service
- Demonstration
- Roadmap

# Using the PI System to Connect your Supply Chain

- Deliver more value to our end customers

“Allow customers to furnish data from a system they own so they can be better served by their vendors”

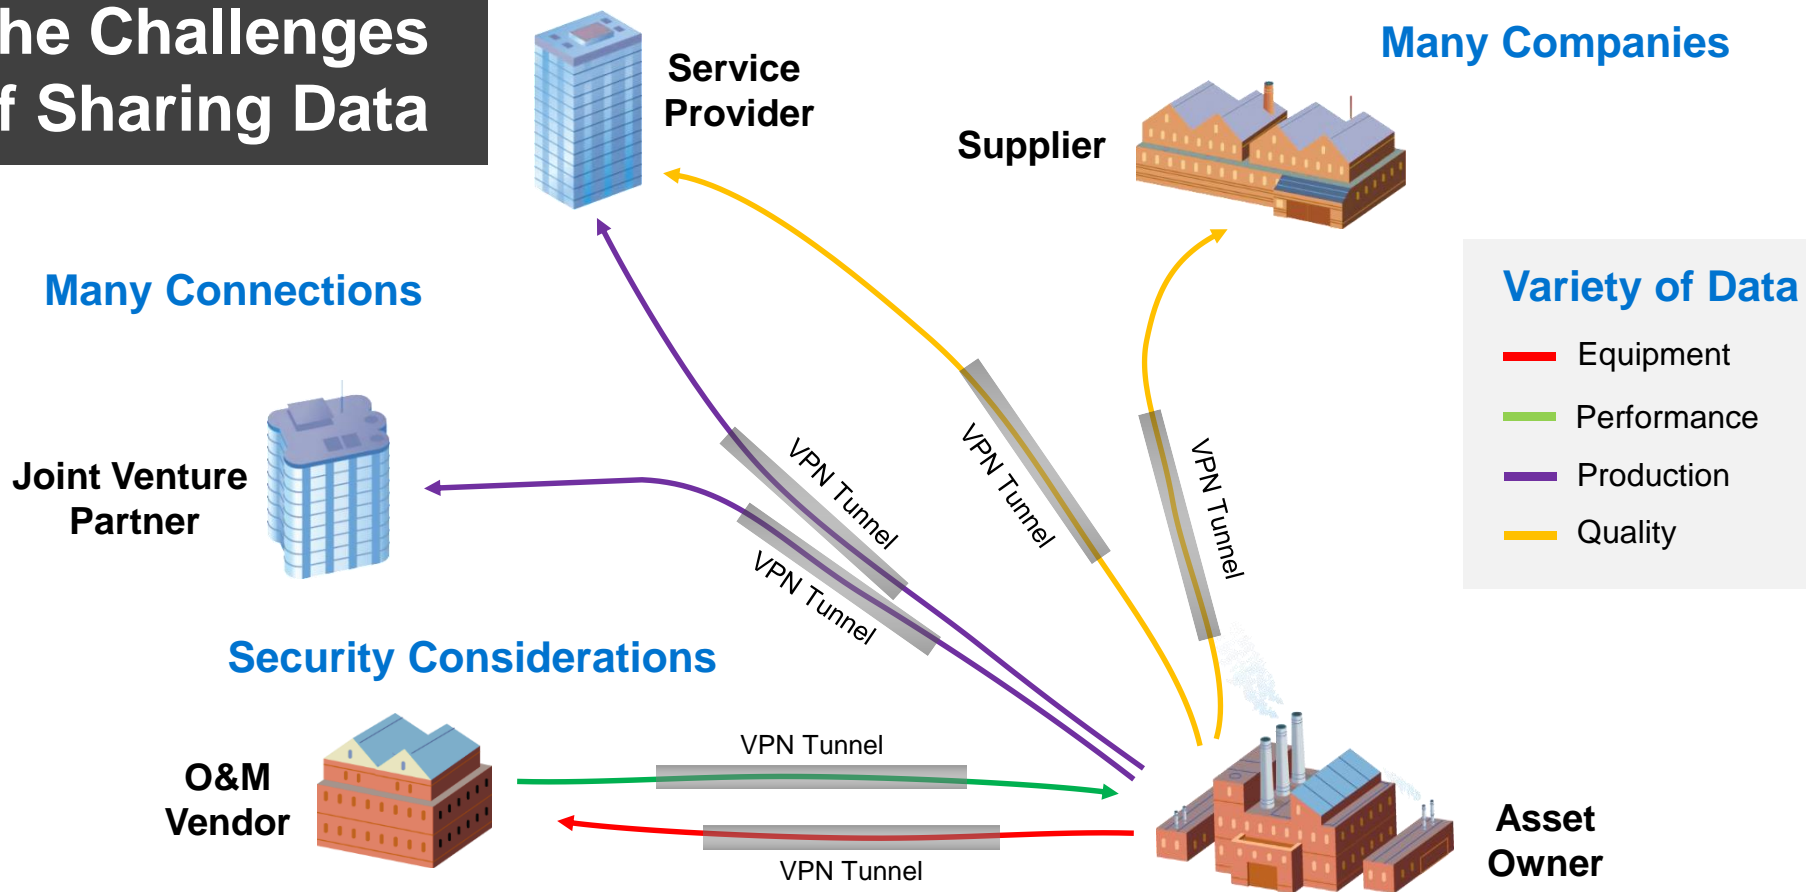

– Dr. J.P. Kennedy

- Provide a simple, secure framework for key suppliers to obtain the data they need to drive aftermarket service excellence.

## Welcome to Cloud Services

PI Cloud Services are a suite of Software as a Services (SaaS) offerings managed by OSIsoft. Layered on top of Windows Azure, Microsoft's public Cloud infrastructure, these offerings work in concert with our traditional PI products to deliver flexible, scalable and secure solutions.
