WORLD OF
CHANGE**

The Power of a Data Infrastructure: The PI System[®] Explained

Presented by **Mariana Sandin**, Systems Engineer

Why a Data Infrastructure

Electrical Power

Water Systems

Transportation

Communication

Data

Sustainable

Reliable

Accessible

Enabling

Organized

Context

*"I am the **energy efficiency expert**. I need to **analyze** and **compare** truck **performance** for **different mining sites** located hundreds of miles from my office."*

"An incident happened last night."

"I need data to assess the situation but it is not readily available."

Chris

*Energy Efficiency
Expert*

DEMO

PI System Infrastructure

I need to be notified when this kind of events happen.

I need the big picture of my wind turbines to understand what is going on.

The pump is not working. What's the problem?

Information must be shared across the enterprise through different business systems.

I need to analyze and compare turbines performance.

We all want to know how the plant is performing in real-time.

PI System Infrastructure

The pump is not working. What's the problem?

PI Interfaces

- More than **450** interfaces
- Support multiple **protocols** and **data sources**
 - OPC, Modbus, SNMP, Text File, ODBC
- Robust and reliable

MY SUPPORT PRODUCTS DOWNLOAD CENTER KNOWLEDGE CENTER CONTACT US

PI Interfaces

Type a few keywords and hit "Enter" to find the right PI Interface for your system.
Hint: try the vendor name (for example: "Honeywell").

Interface	Platforms
PI COM Connector for OPC HDA Servers PI-CTR-OS-OPCHDA	Windows
PI Interface for OPC Alarms and Events OPCae, DeltaV, Delta V PI-IN-OS-OPCAE-NT	Windows
PI Interface for OPC DA OPCint, OPC Client, OPC DA PI-IN-OS-OPC-NTI	Windows
PI Interface for OPC HDA OPC HDA Client, OPCHDA PI-IN-OS-OPCHDA-NT	Windows

Emerson DeltaV Smart Connector

Windows

PI System Infrastructure

The pump is not working. What's the problem?

PI Data Archive

- Optimized for **real time** data **streams** - TAGS

TAG	TIME	VALUE	STATUS
TIC1001.PV	23-MAY-08 11:01:02	12.3	GOOD
LIC30211.PV	23-MAY-08 11:01:03	198.4	GOOD
...	...	...	...

- Designed to archive data for **millions** of tags and **tens** of years

PI System Infrastructure

The pump is not working. What's the problem?

PI Asset Framework (PI AF)

- Organize your assets data in a **hierarchical**, **scalable**, **secure**, and **extensible** database
- Model data from **different PI Servers**
- Relate **non time-series** data sources
- Integrate with **analyses** and **notifications** tools

The Big Picture

Analyses

- Efficiency analysis
- Key Performance Indicators (KPI)

Events

- Downtime
- Startup
- Failure

Notifications

- High speed
- Rotor failure
- Low pressure

Time-series

- In-Flow
- Pressure
- Vibration data

Asset details

- Name
- Model
- Manufacturer

External data

- Performance curves
- Last maintenance date
- Design documents
- Best operating procedures

PI System Infrastructure

Visualization Landscape

PI Coresight

Collaboration and ad hoc analysis

PI WebParts

Composite web applications

PI DataLink

Reports and data analysis

PI ProcessBook

Authoring tool for process displays and trends

PI System Infrastructure

PI Analytics

- Transforms operational data into **actionable information**
- The analyses are:
 - Created by configuration or programming
 - Triggered periodically or on events
 - Consulted on-demand or historized

The screenshot shows the OSIssoft Partner Solution Showcase homepage. The header includes the OSIssoft logo, a search bar, and links for Sign In and Register. The main navigation bar contains links for Home, Browse All Solutions, Solution Directory, News & Announcements, and FAQ. The main content area features a welcome message, a video of Tom Gilson (Director, Partner Programs, OSIssoft), and a list of news and announcements including webinars on the 2013 OSIssoft Partner Solution Showcase, Process Plugins, CompressionInsight, and Waterfall for the OSIssoft PI System. There are also links for Partner List and Solution List, and a button for Browse All Solutions. The footer section highlights Top Rated Partner Solutions and New Partner Showcase Solutions, featuring E-Notification Engineering Consultants Group, Inc. and Amitec SMS Notification for PI AF®.

The screenshot shows the OSIssoft Partner List page. The header includes the OSIssoft logo, a search bar, and links for Worldwide Locations, Community, Tech Support, Learning, and OSIssoft vCampus. The main navigation bar contains links for Software & Support, PI System Value, Partnering, Events, Resources, Company, and Regional. The main content area features a search bar and a table of partner information. The table has columns for Company, Home Office Location, and Phone. The first row lists ADM Systems Engineering Ltd. with its location in Saint John, New Brunswick, and phone number +1(506)652-9251. The second row lists BBA Inc. with its location in Mont-Saint-Hilaire, Quebec, and phone number +1(450)464-2111. The footer section includes a description of ADM's services and a note about BBA's multidisciplinary engineering services.

Company	Home Office Location	Phone
ADM Systems Engineering Ltd.	55 Drury Cove Rd, Suite 300 Saint John, New Brunswick - E2H 2Z8 Canada	+1(506)652-9251
ADM provides software engineering for data management, enabling the flow of data between process, operations and management. With this infrastructure in place, ADM can develop advanced applications and reporting systems.		
BBA Inc.	375, boul Sir-Wilfrid-Laurier Mont-Saint-Hilaire, Quebec - J3H 6C3 Canada	+1(450)464-2111
BBA is a multidisciplinary engineering firm providing high-end engineering services mainly in the energy, mining and metals sectors. Through system integration and custom application development, its industrial IT team provides innovative solutions to increase visibility and efficiency of available assets. BBA is a CSIA certified member.
