

# Batch Users: Batch Migration to Event Frames

Presented by Ashley Howard, Center of Excellence Paula Baquer, Customer Support Engineer

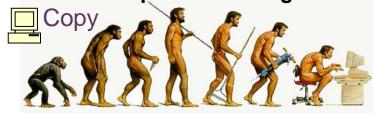

## Why PI Event Frames?

## "Homosapien Data Integration"

## Why PI Event Frames?

Paste

Hard to Find

Related Data

Data

Events & Process Data Are Not Integrated

## Pharma and Life Sciences Industry

## **BUSINESS PROBLEM**

"Increased accessibility to
data in multiple
manufacturing systems
which will allow us to
visualize, analyze, and share

our data with global users"

## **EVENT TYPES**

"Batch, build complex
Batch models with the
ability to have overlapping
unit batches"

## **VALUE**

"Ensure we have a consistent process and a quality product. Detect problems before they become a problem"

## Batch Roadmap Update

## Current State of Batch Capabilities in the PI System

|          | Database<br>First Released                           | Supporting<br>Data Structure  | Overlapping<br>Events on Unit   | Scalability /<br>Performance   | High Availability  | Data Access<br>Technologies   |  |

## PI Server 2015: Batch to Event Frames Migration

## DEMO

Released Product

## This DEMO Covers

- Check AFLink Status
- Check Batch Report pre-Migration
- Perform Migration
- Check PI Event Frames Report post-Migration
- Review PI Event Frames

## PI Server 2015: Batch to Event Frames Migration

## **DEMO** Key Takeaways

- TEST environment
- One-time migration
- On Site Workshop

Released Product – Start testing!

## PI Coresight: Overlay Trending

## PI Coresight: Batch Overlay in Development

## DEMO

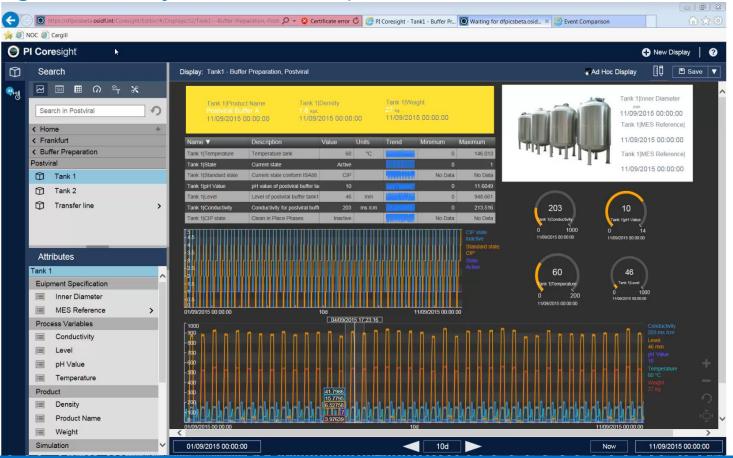

**BETA Product** 

## This DEMO Covers

- PI EF hierarchy visualization
- Overlay Trending
- Gantt Chart
- Combine PI EF with PI AF Attributes

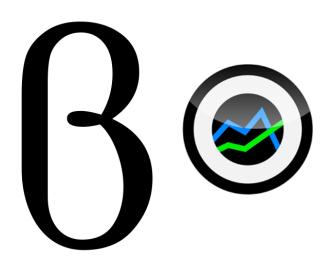

## PI Coresight Overlay – In Development

## **DEMO** Key Takeaways

- PI BatchView Replacement
- Visualize Overlay Trends
- Visualize Gantt Charts

BETA version available - Release in 2016!

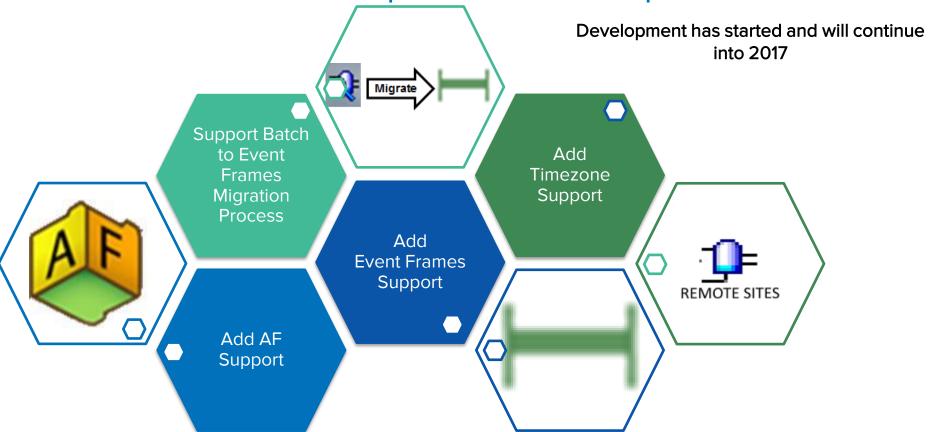

## RtReports Update

## In case you haven't heard ...

- OSIsoft has updated RtReports RtReports 3.3.0.7 patch
- OSIsoft is continuing to <u>enhance</u>
   RtReports

What's next after RtReports 3.3? RtReports 4.0!!!

RtReports 4.0

## DEMO

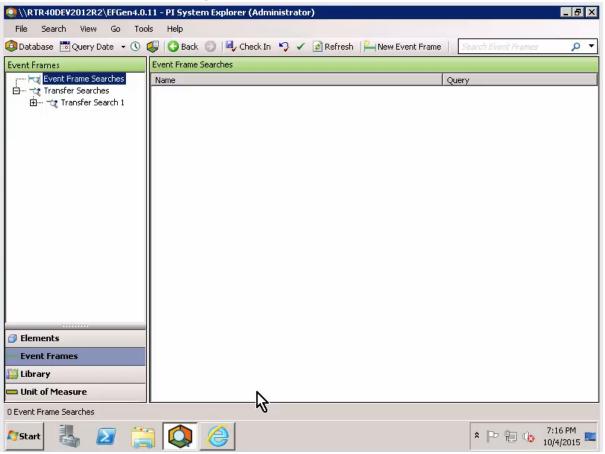

In Development

## This DEMO Covers

- PI EF Search in PI System Explorer
- PI EF Search in RtReports
- RtReport Generation based on PI EF
- Comparison of PI EF in RtReports and PI System Explorer

## RtReports – In Development

## **DEMO** Key Takeaways

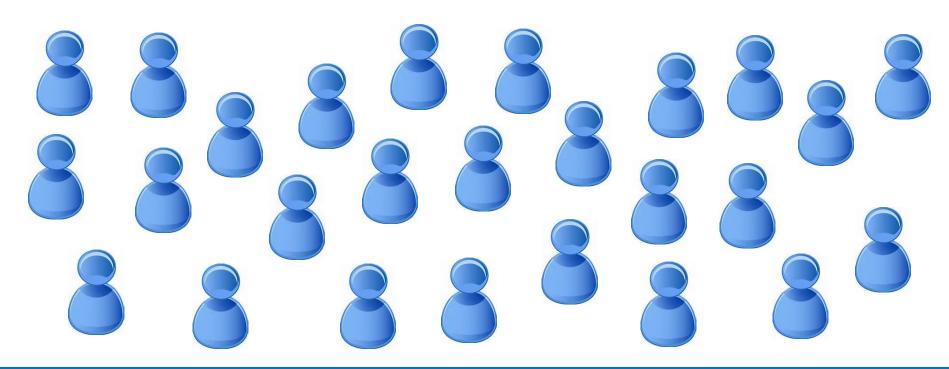

RtReports PI Event Frames Reporting Abilities

 Generator search supports PI Batch and PI Event Frames in same window

## Call to Action

## What does this mean for Batch Customers?

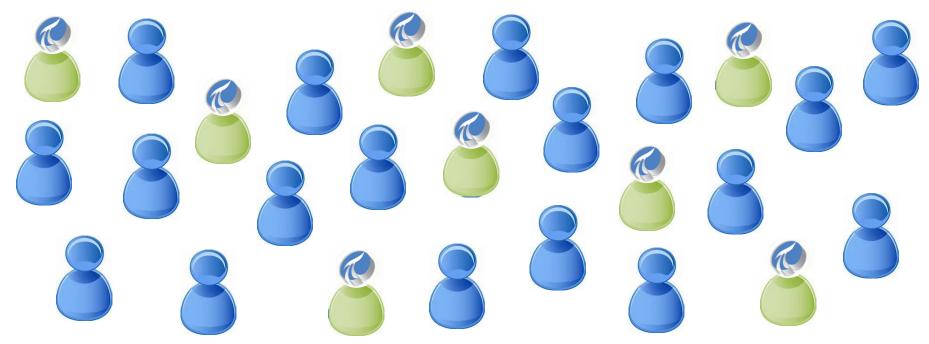

## What does this mean for Batch Customers?

## Early Adopters: We are ready for you!

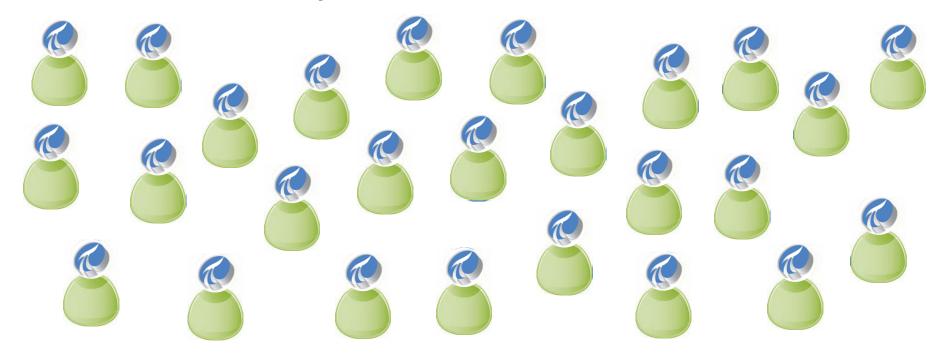

PI EF Clients ready; PI Server 2015 - Batch Migration; More PI EF Client support coming.

## What does this mean for Batch Customers?

## Everyone else: We want to get your feedback!

Start implementing PI AF & Start testing PI EF!

## Places to Get More Information:

- PI Event Frames & Batch Migration Booth
- PI Batch to EF Migration Workshop On Site
- Contact RtReports & Batch to EF Product Manager
- Participate in the Coresight BETA
