

# SAP HANA IoT Integrator by OSIsoft

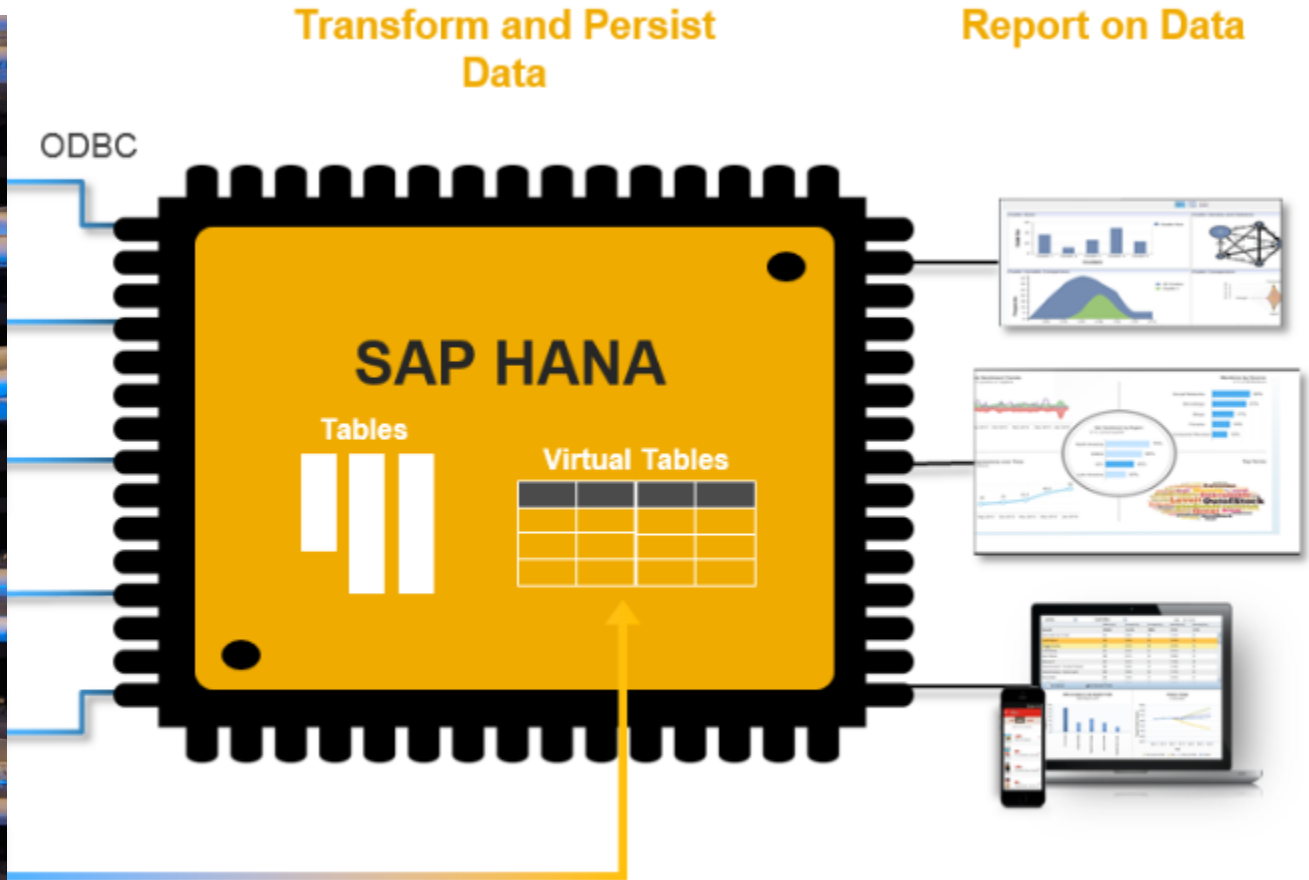

*Damian Rabinovich*  
SAP

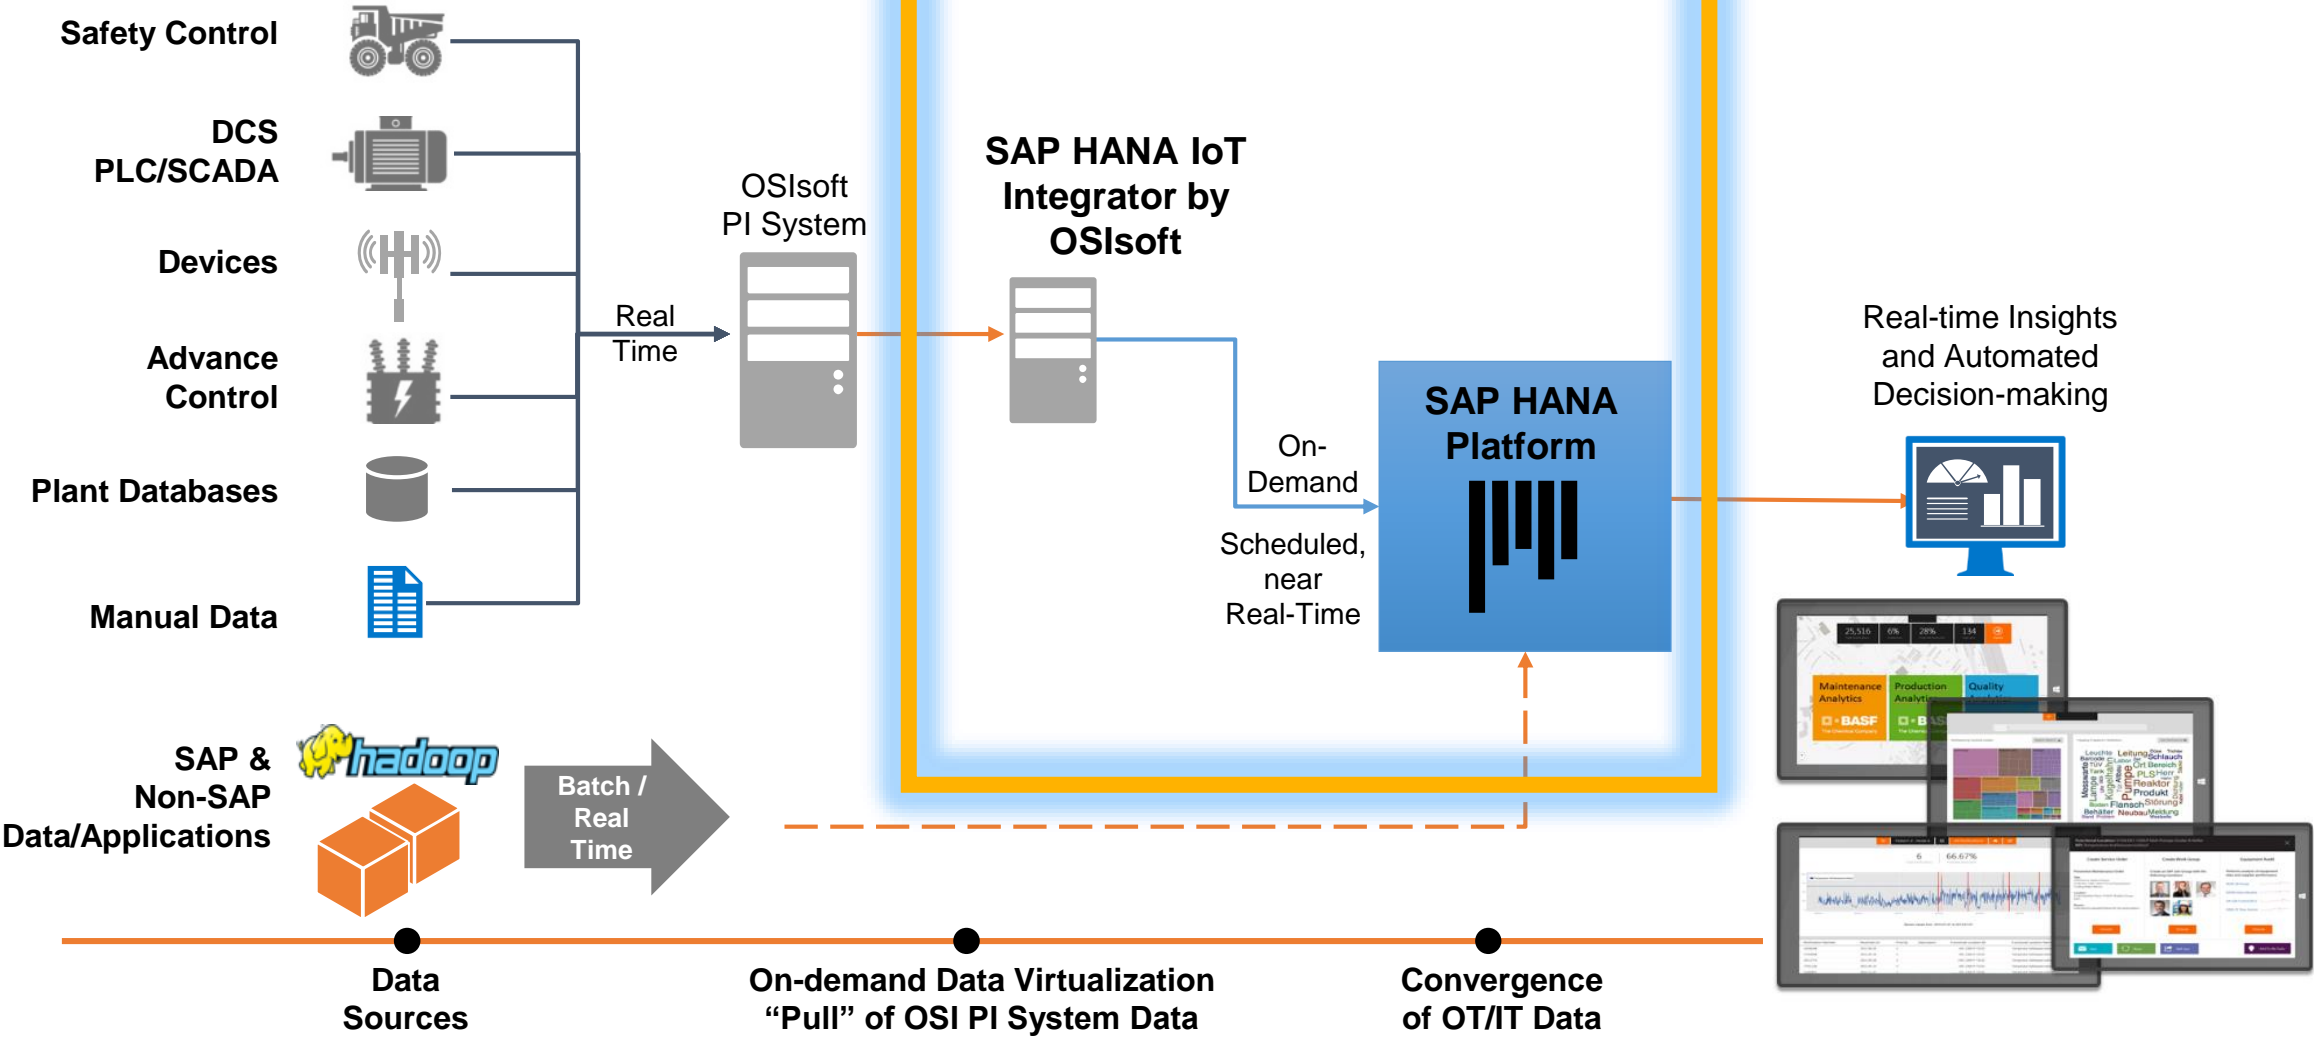

[damian.rabinovich@sap.com](mailto:damian.rabinovich@sap.com)

# Introducing SAP HANA – In memory Data Base

Improving efficiency, sustainability, quality and safety

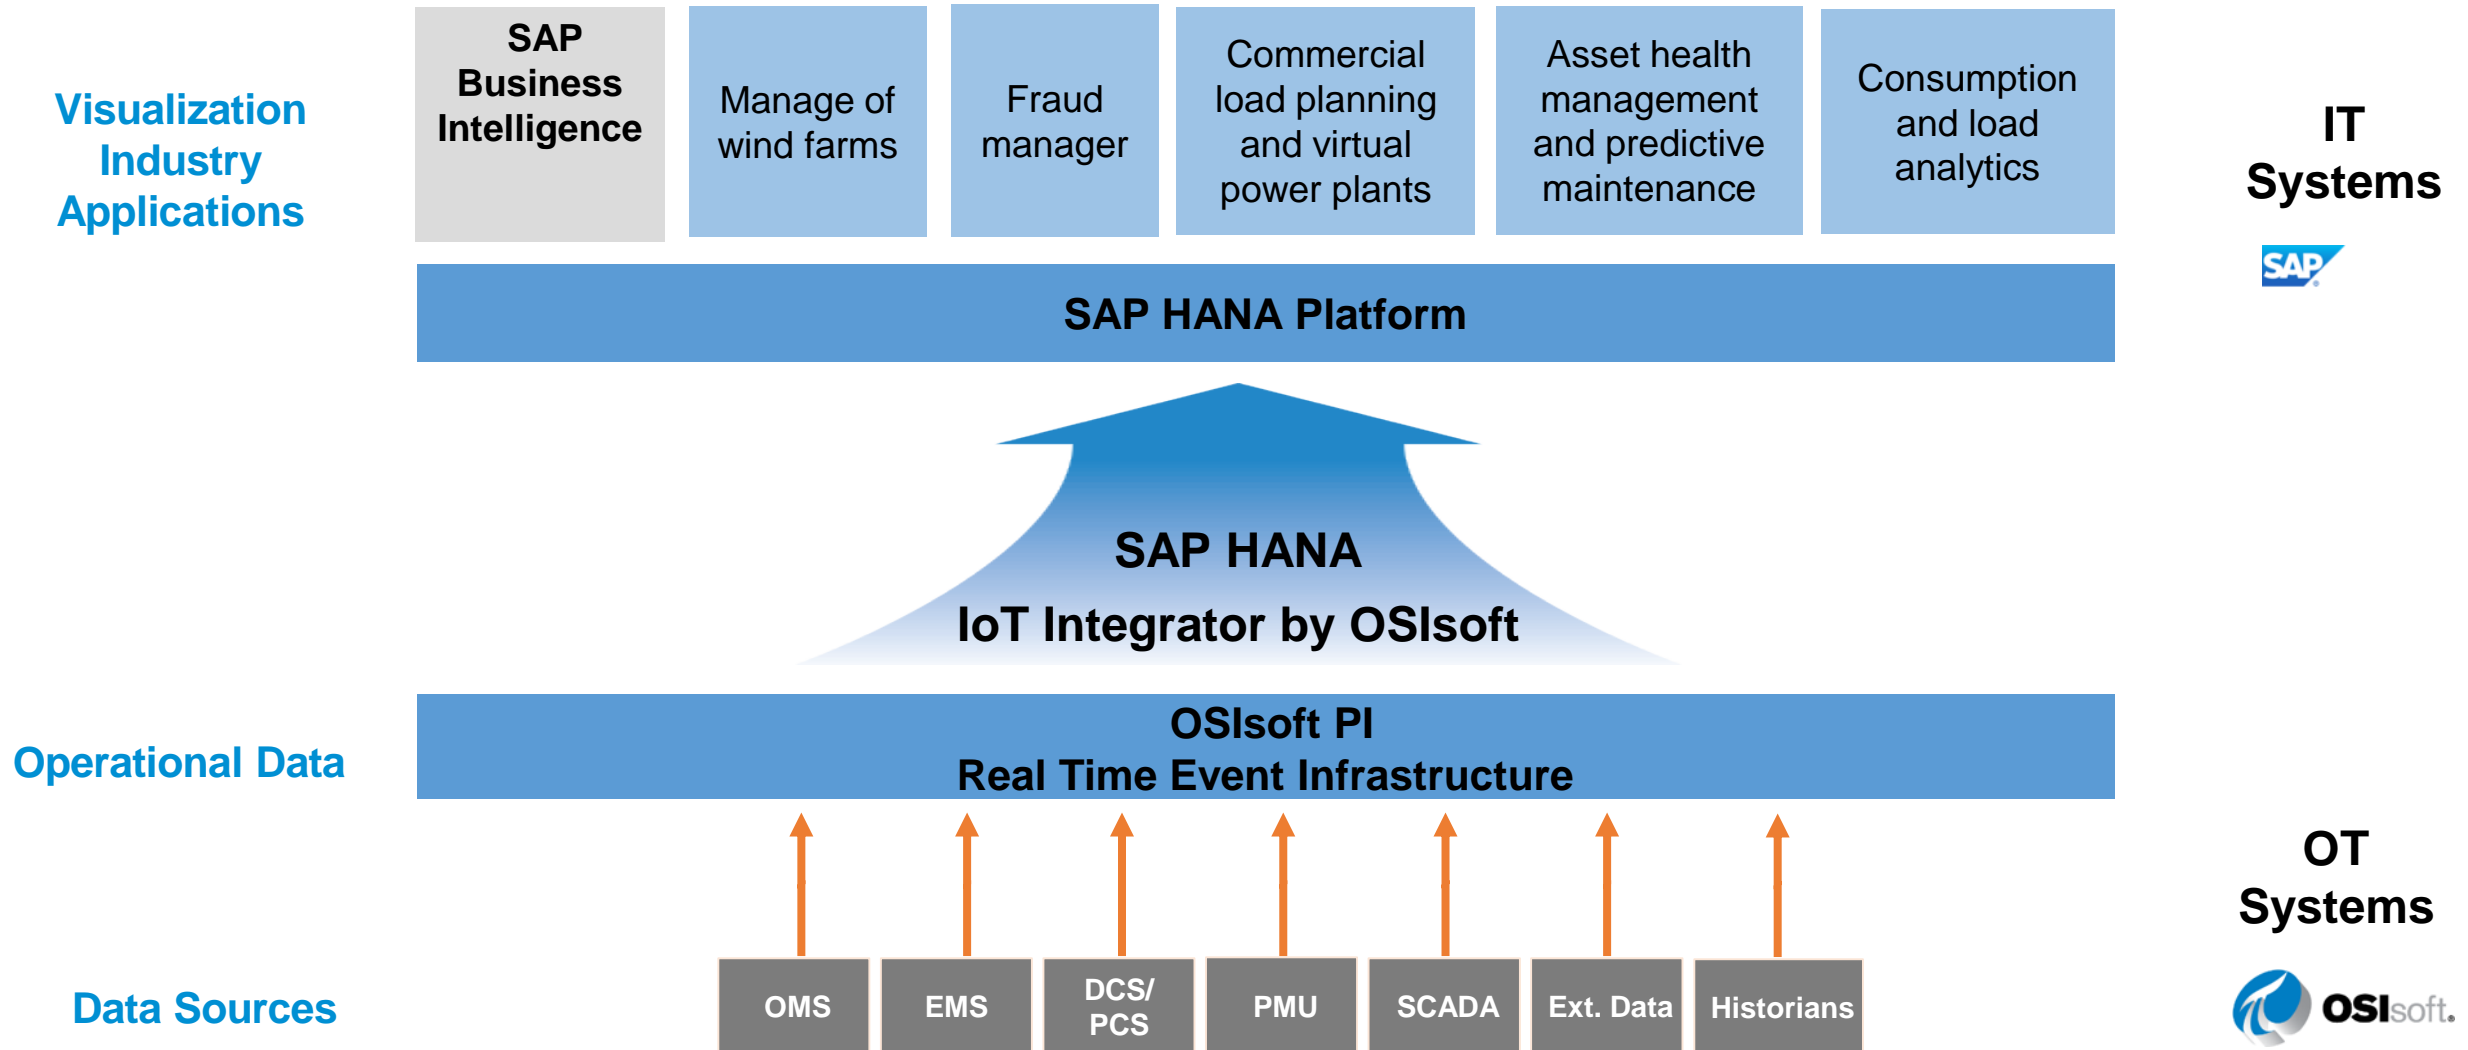

# Logical architecture

# SAP HANA Platform and OSIsoft PI Server

Enable real time IT/OT convergence

# Success CASE: EDF ENERGY

**Converging IT and OT worlds for Asset Health Monitory - processing 500M sensor records with HANA IoT connector by OSIsoft and SAP IoT Platform**

to **Outcomes**

# Thank You

**OSI**soft®
