Learn how to:

- Maximize **PI Clients** to analyze and visualize data
- Plan, implement, and maintain a PI System as a **PI Administrator**
- Employ **PI Asset Framework** to model your processes and configure analyses
- Build customer applications with the **PI Developer Technologies**

The screenshot shows the OSISOFT Learning website. At the top, there are navigation links for 'Custom Home', 'Technical Support', 'PI Square Community', and 'Live Library'. The main header includes the 'OSISOFT Learning' logo and a 'Cart (Empty)' icon with a note to 'click here to proceed to checkout'. Below the header is a navigation menu with five tabs: 'My Registrations', 'Virtual Learning Environment', 'Classroom Training', 'Online Courses', and 'YouTube Learning Channel'. The 'Classroom Training' tab is currently selected. The main content area is divided into three columns. The left column, under 'Things to Do', lists: 'Where Do I Start?', 'Schedules by Location', 'Browse the Course Catalog', 'Ask a Question', and 'Check Out the FAQ Page'. The middle column, under 'Classroom Training', lists: 'Course Descriptions', 'Training Center Locations', 'Register Now', 'Request a Class at Your Site', and 'Download Course Materials'. The right column, under 'YouTube Learning Channel', lists: 'Watch a Video on Our YouTube Learning Channel', 'Solutions for Blocked Users', and 'Download Our YouTube Videos'. At the bottom, there are three sections: 'Upcoming Classes' featuring the 'OSISOFT EMEA USERS CONFERENCE' (Sept 19 - Oct 07, 2016) with a 'REGISTER NOW' button, 'Newest YouTube Videos' with a video player thumbnail, and another class listing 'Building PI System Assets and Analytics with...'. The footer of the website is not visible in the screenshot.

Virtual Learning Environment - [Learn More](#)

Welcome Guest!

The Virtual Learning Environment (VLE) is a fully functional PI System running in our Microsoft Azure cloud. We have a wide array of defined labs, from PI ProcessBook to PI AF to developer technologies. This is all available when you want to use it, on your schedule and at your pace. Or just open a VM and play around free-form with the PI System. You can try anything without fear of damage to your own production data.

Name
Virtual Learning Environment Connection Test
Configuring a Simple PI System Online Course VLE access
PI ProcessBook - Building Displays

Learning YouTube Channel

Check Email for Evaluation Form

- You will receive an evaluation form by email. Please take a few minutes to fill out the survey

Your feedback is greatly appreciated!

The screenshot shows an evaluation form for the OSIsoft Regional Seminar. It includes a header with the OSIsoft logo and the text 'REGIONAL SEMINAR'. Below this is a section titled 'Evaluation Form' with fields for Name, Company, and Email. The second section is titled 'Quality of presentations' and contains a table with three rows of presentation topics and four columns of rating options: Poor, Good, Excellent, and N/A. Each cell in the table contains an empty checkbox.

	Poor	Good	Excellent	N/A
1. Digital Transformation with Today's PI System– <i>OSIsoft</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. PI Coresight 2016: New Vision, New Display Editor, New Look and Feel – <i>OSIsoft</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Using PI Integrators to Improve the Value of your PI Data– <i>OSIsoft</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
