Visualize: PI Vision 2019 and PI ProcessBook Migration

Andrew Nguyen, Product Marketing Manager
Ryan McErlean, Technical Product Manager

Agenda

01 What is PI Vision?

02 What's Coming in PI Vision 2019

03 Building an Upgrade Strategy

04 DEMO: How the Migration Utility Can Help

The evolving world of data

PI Vision

The fastest, easiest way to visualize PI System data

- An easy to use, self-service, scalable solution

- Access data from any web browser, including mobile device browsers

- Organize and share displays across your organization

The Benefits of PI Vision

Easy to Use

Intuitive Interface
Easy to use interface that shortens the learning curve

Dynamic Displays
Displays automatically populate with relevant asset-centric data

Easy Display Navigation
Easily explore and navigate by simply double clicking on symbols

Self-Service

Quick Access to Data
Contextualized data makes it easy for any operator or engineer to quickly find the data they need

Fast Display Building
Quickly build your own displays without waiting on other business groups

Mobile Capabilities
Create, edit, or view displays in any desktop or mobile device browser

Scalable

Reduce Number of Displays
With related assets, simply build a single display and reuse it for other assets with the click of a button

Display Organization
Easily organize and manage your displays using folders

Rapid Deployment and Roll-Out
Easily organize and manage your displays using folders as your organization

Strategy and Best Practices

1. What business issue can PI Vision solve
   i. Quick wins and faster ROI
2. Resources needed to upgrade
   i. OSIsoft can help with Delivery Services
3. Learning and adoption needs
   i. OSIsoft YouTube learning videos, on-site classes, and new Learning Management System
4. Understand product differences
5. Determine which displays to migrate first
   i. Non-critical displays requiring no additional work
   ii. Displays that may require some manual work
   iii. Displays with heavy VBA non-migratable symbols
