**Offshore**

Getting your foundations right – Best practices for Operational Data Management in Offshore Oil & Gas

November 12th

Improving Well Integrity Management through Real-Time Data

Early 2021 – with International Well Integrity Ltd

# Some final thoughts...

- We really hope you've enjoyed our first Oil & Gas Industry Summit as much as we have enjoyed putting it together for you
- If you haven't had time to watch everything today, please remember you can **return at any time** and **watch what you missed on demand**
- ...and finally please try to make sure you put some of the **inspiration** from today **into practice** when you return to work! The next fantastic customer story could be yours and might not be that far away... EMEA PI World 2021, Oct 11-14 in Dublin!

# Thank You!
