

Welcome to the Power Generation Track

David Thomason

dthomason@osisoft.com

"It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is **the most adaptable to change.**"

- *Charles Darwin*

Power Generation During a Time of Crisis

- The importance of reliable and available electricity is highlighted during a crisis
- Thanks to all supporting Power Generation and the reliable delivery of Electricity !
- Companies are working through a reduction and change in the load profile while being prepared for a scaled recovery
- Our customers are using the PI System for monitoring & diagnostics and enabling the remote workforce
- Working to improve and maintain employee efficiencies while positively impacting operations.
