Our industry landscape
is being reshaped
through turbulence and risk

Industries are facing complex challenges in a turbulent market environment

**Increasing ESG regulations
and consumer desire for
green alternatives**

92%

executives see
sustainability as top
priority – *AVEVA, 2021*

**Supply chain,
commodity price and
service disruptions**

85%

Low-digital companies
report supply chain
issues – *Forbes, 2022*

**Workforce transition,
labor shortages and
remote work**

50%

of industry
workforce retiring
in next 5-7 yrs - *PWC, 2021*

Industries are driving resilient, agile, sustainable responses to disruption

Unifying data into a **digital thread** that spans the value chain transforms industries

Yet, that is not always easy to achieve

63%

of data scientists'
time spent gathering
& cleaning data

Anaconda, 2022
