Thank you
to our
exhibitors!

We value your feedback!

Please watch for our post-event survey. You can also use the mobile app to provide individual session feedback in the mobile app.

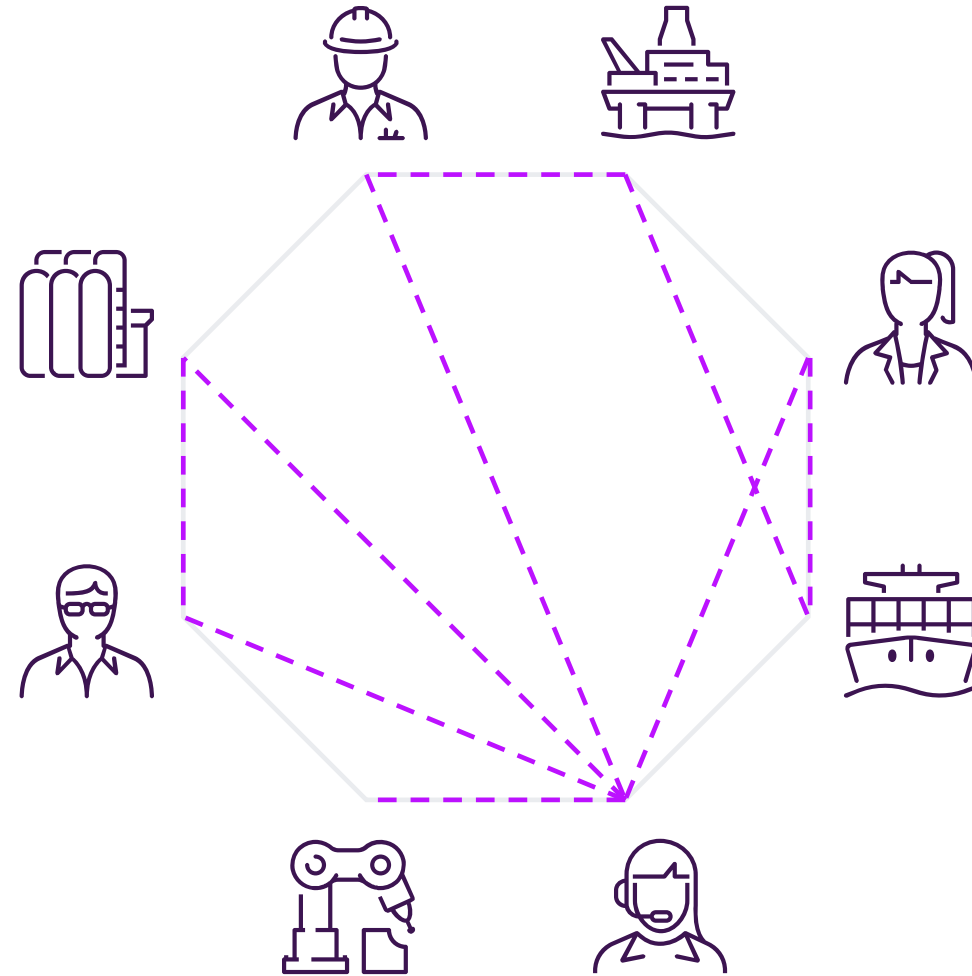

A night scene at an outdoor event. The background is dark, with trees and a wooden fence illuminated by warm, golden light. Numerous spherical, woven lanterns hang from the trees, casting a soft glow. In the foreground, a wooden fence runs across the frame. The overall atmosphere is cozy and festive.

Join us tonight at Zuidpool

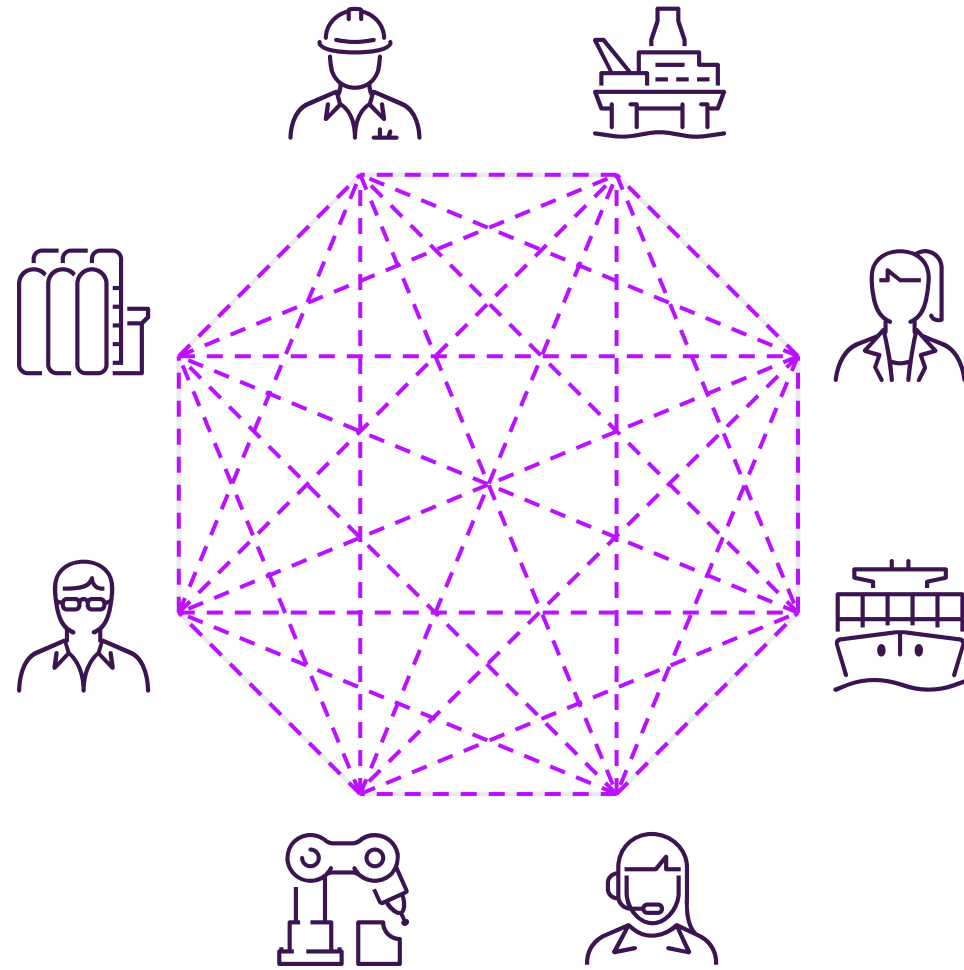

Offsite event behind the RAI

18:30 – 22:30

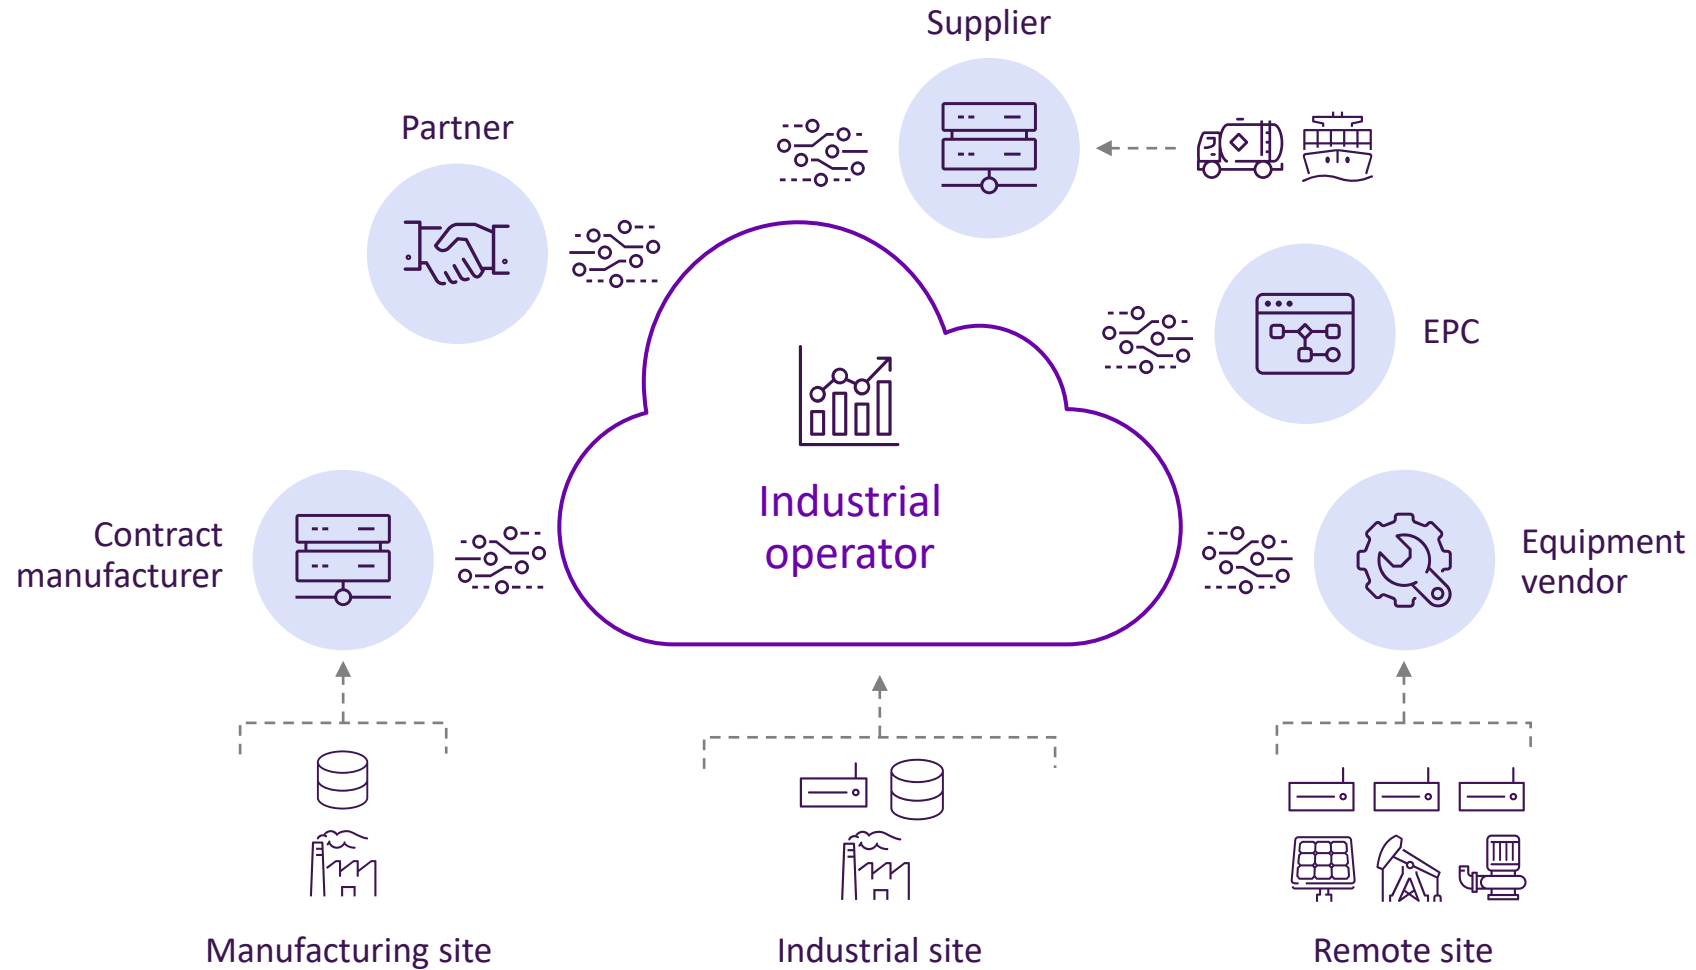

Industrial companies struggle to share timely, accurate data across their global ecosystem

Imagine if all parties in a value chain were optimized in parallel: Data is the accelerator of the connected industrial economy

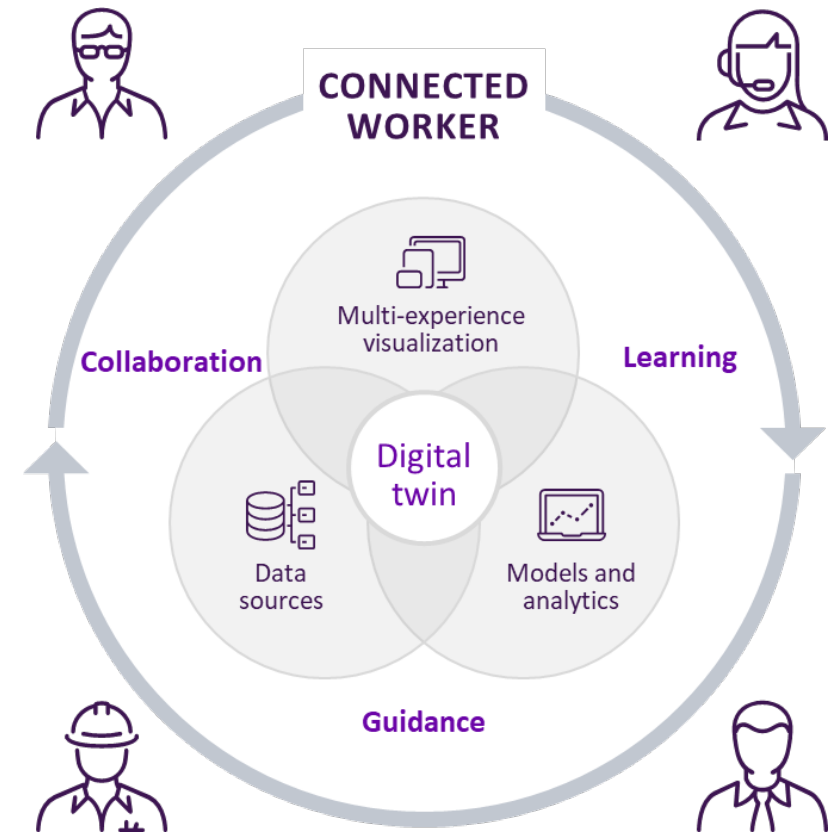

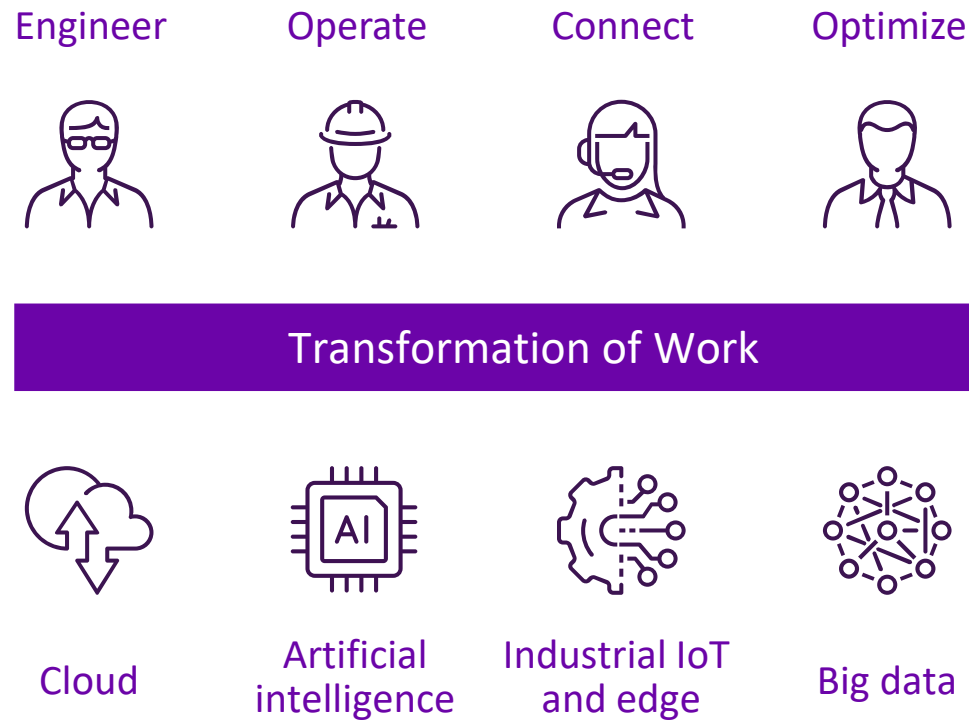

Data becomes the foundation of a connected community...

This connected community will transform work

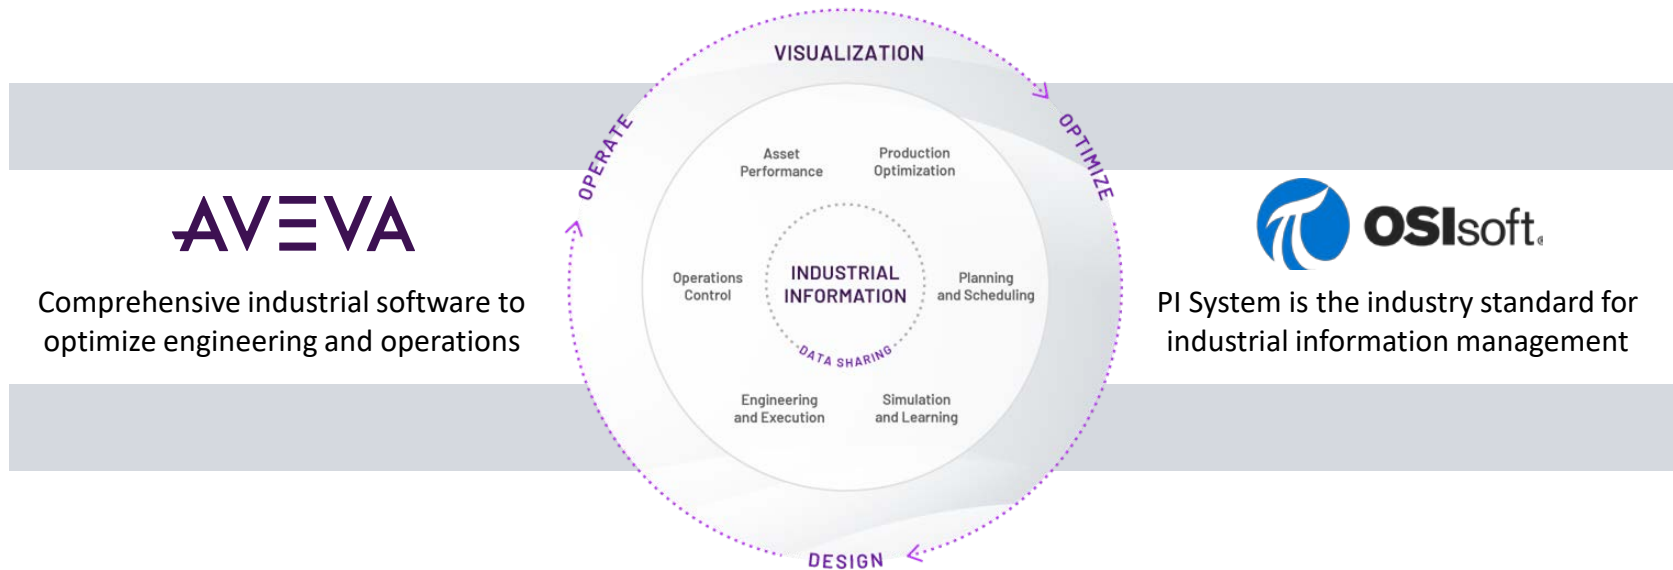

Break down silos and connect your teams with trusted information and insights

... enabled by the latest technology in a SaaS or hybrid cloud environment

Two world-class software experts have come together

Providing end-to-end customer value with best of breed industrial software

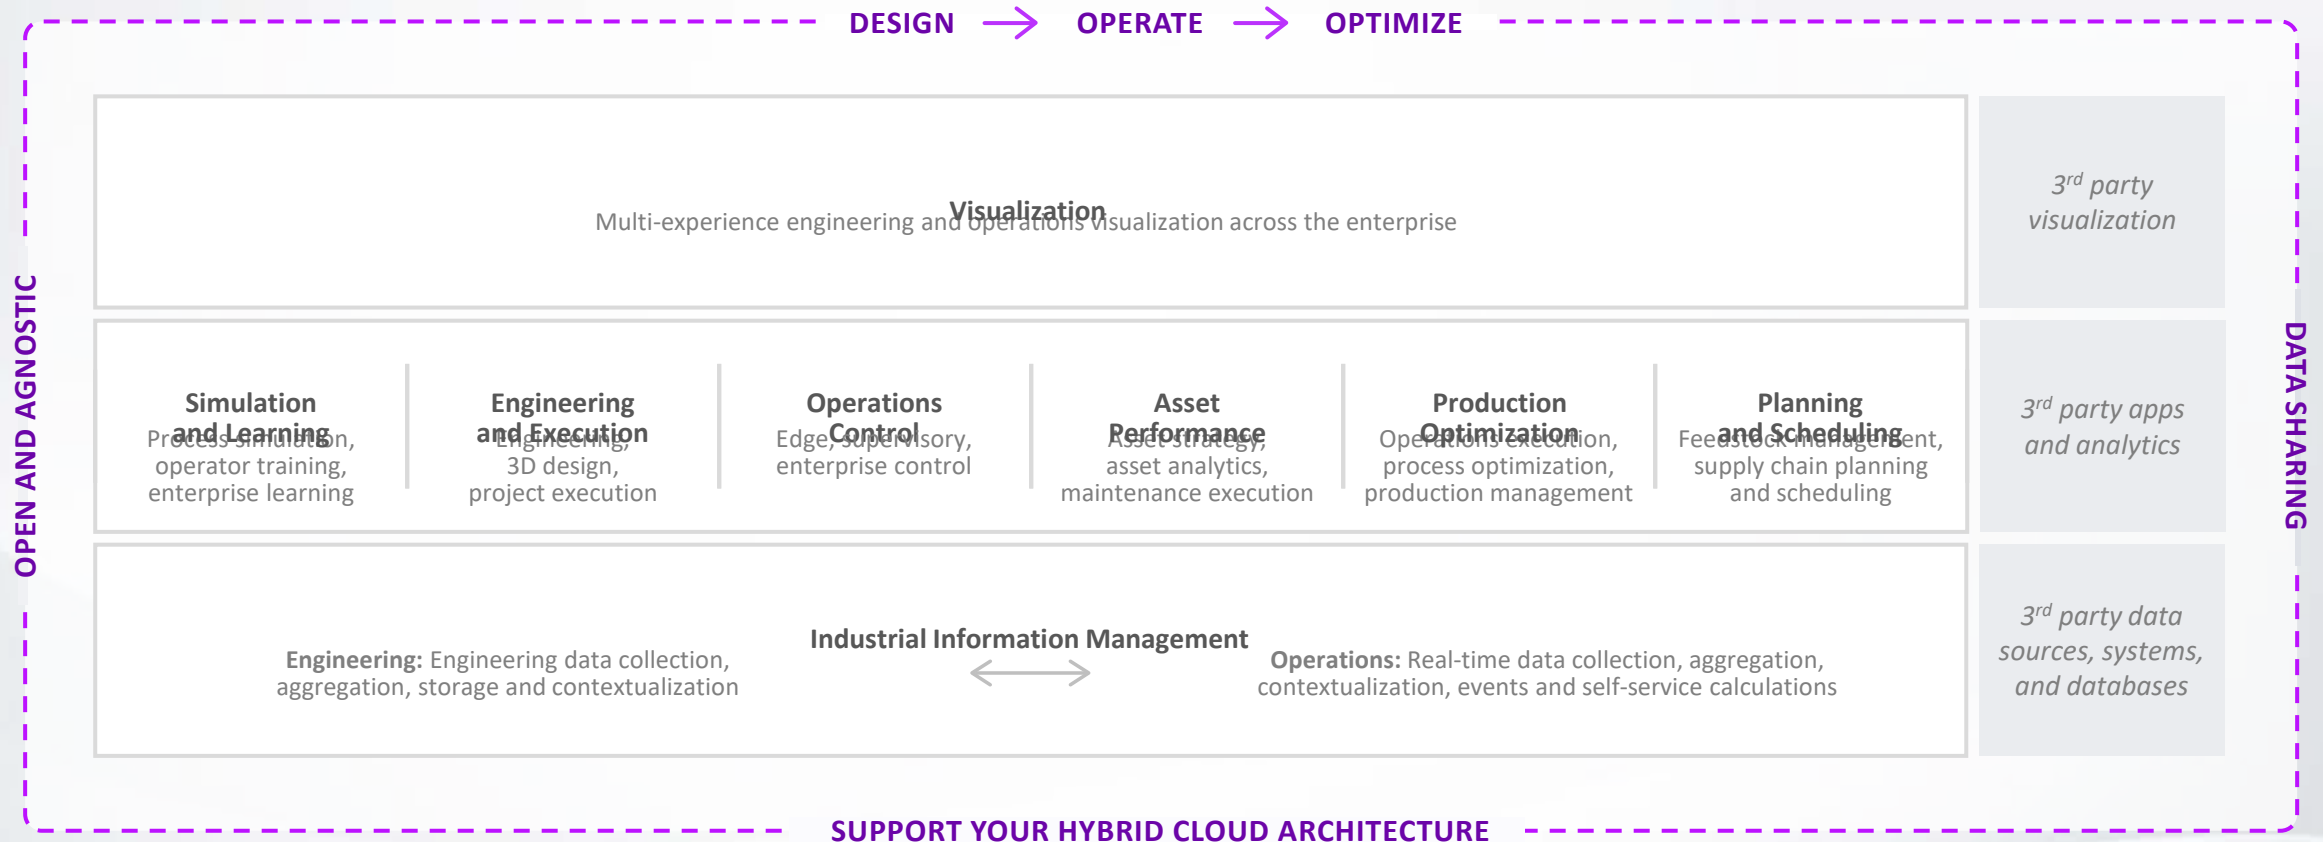

1 Better data
Accuracy, reliability, context, scope and scale

2 Smarter solutions
With better integration, while maintaining neutrality

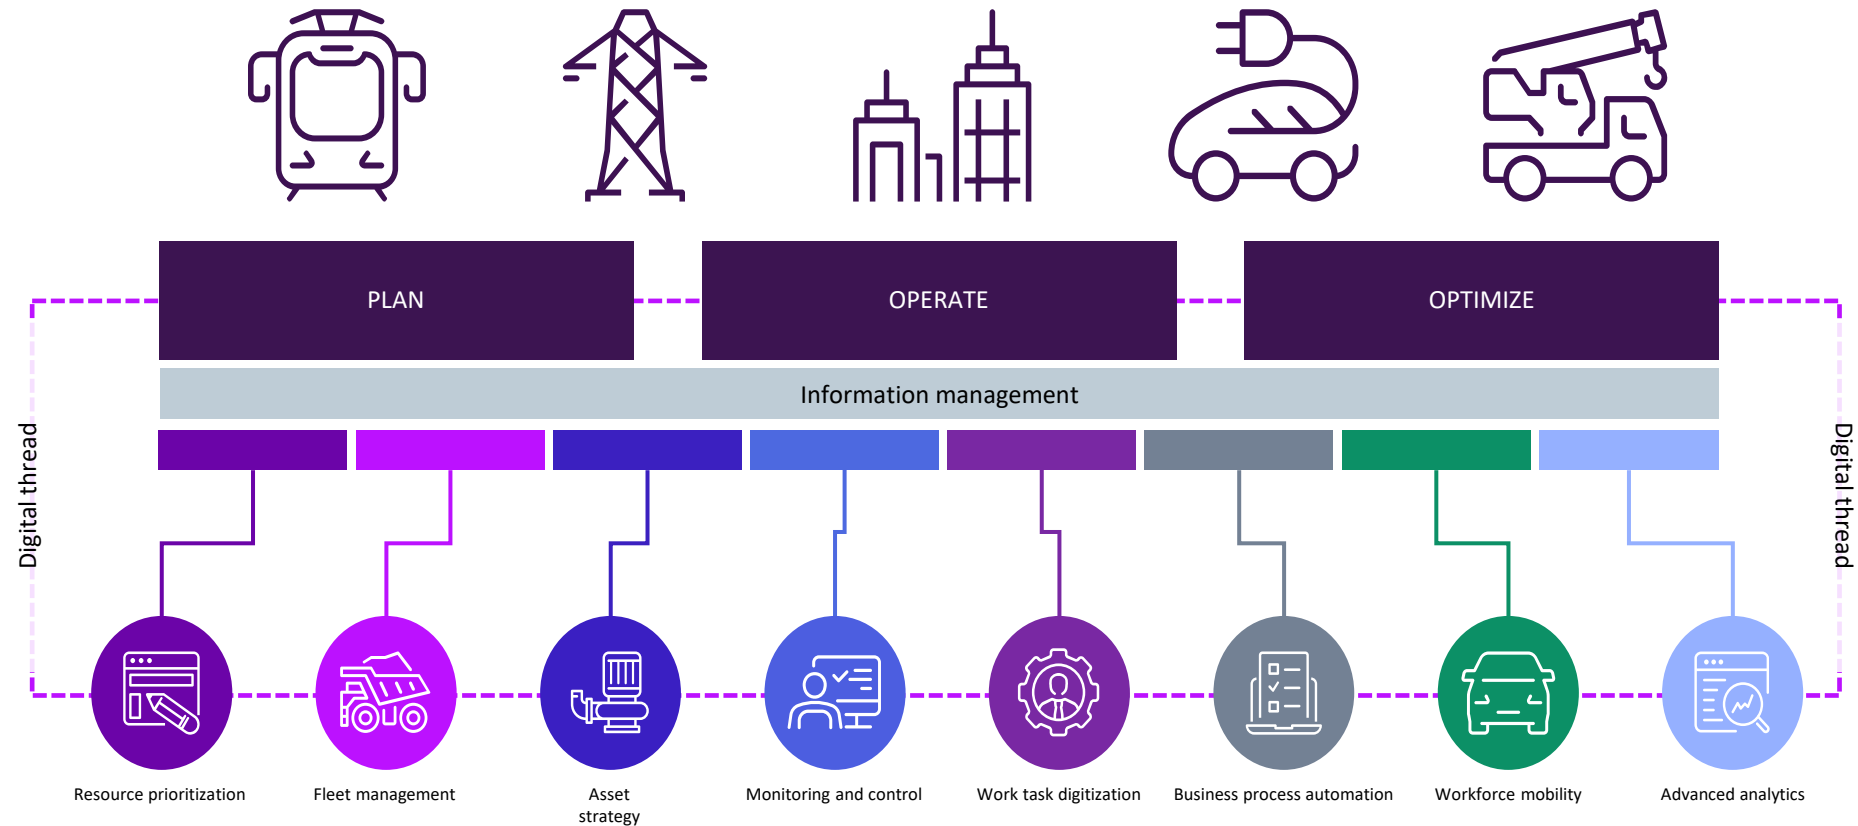

3 Proven results
Efficiency, agility, reliability, sustainability

Delivering a complete digital thread, purpose-built for industry

Accelerate time to value with trusted industrial hybrid SaaS solutions

Optimizing your supply chain and infrastructure lifecycle

Track Talk Highlights

Manufacturing, Transportation and Marine

Company	Talk Title	Time
HENN GmbH	Data Hub in a discrete manufacturing / value chain approach	08:45-09:30
Toyota Motor Europe	Energy abnormality elimination with PI System	09:45-10:15
Michelin	Accelerating the Journey from Demo to World-wide Deployment	10:30-11:00
Mitsubishi Heavy Industries Engineering Ltd.	Digital platform to optimize operations and maintenance for transportation systems and industrial plants	11:15-11:45
	~LUNCH BREAK~	12:00-14:00
Industrial Digital Solutions	Real-time fleet analytics with ADH/OCS	14:00-14:30
CHG Electrical Ltd	Rail-vision signaling scalable remote condition monitoring solution	14:45-15:15
Helin Data	Managing EDS and delivering data pipeline as a service to ADH/OCS	15:30-16:00
Schneider Electric	Driving a world-class global manufacturing and supply chain	16:00-16:30
