AVEVA Operations Control – an AVEVA Flex Subscription

AVEVA Operations Control

User-centric software subscription for industrial operations, from edge to enterprise.

Operational visibility

Gain a clear perspective into operations relative to the user's role through superior visualization applications.

Data analysis

Drill-down through information layers and leverage tools that allow users to examine data in detail.

Digital thread

Ensure everyone can interpret the same outcomes and remove the burden of recreating data sets and insights.

Collaboration

Bring teams together and promote operational continuity through messages, chat and calls for help.

Coordination & Learning

Develop skillsets and retain knowledge digitally to reduce onboarding and time away from operations.

Vendor agnostic

Software purpose-built for industry and leveraging a wider set of AVEVA and 3rd party devices and applications.
