The journey from “data desert” to smart factory ...
successfully navigating the hype cycle of
digital transformation

Bram van Genabet

Corporate Digital Innovation Manager
Barry Callebaut

A photograph of three men in business casual attire standing at a trade show booth. The man on the left is wearing a light blue button-down shirt and glasses, looking towards the other two men. The man in the center is wearing a dark blazer over a blue shirt, glasses, and a lanyard with a badge, smiling with his arms crossed. The man on the right is wearing a blue shirt, glasses, and a lanyard, also smiling with his arms crossed. In the background, there is a whiteboard titled "PI System Calculation Engine" with a bulleted list: "• Replace PIACE with established product", "• Run custom code using PI data", "• Visual Studio not required", and "• View calculation metrics". Another sign in the background says "Management". The entire image has a purple overlay.
